**SYNOPSIS**

On October 7, 2015, (b) (6), (b) interviewed (b) (6), (b) (7)(C) a witness in the (b) (6), (b) (7)(C) investigation. (b) (6), (b) recalled an incident when (b) (6), witnessed a rifle, a "probe rod", a wrench that is used to turn off water meters, and a shovel with mud on it in the bed of (b) (6), (b) truck.

**DETAILS**

On October 7, 2015, (b) (6), (b) (7) (b) (b) (6), (b) (6), EPA-CID, interviewed (b) (6), (b) (7)(C) a witness in the (b) (6), (b) (7)(C) investigation, at the parking lot of McDonald's in Cleveland, MS. (b) (6), (b) identified himself, displayed his credentials, and explained the purpose of the interview.

(b) (6), is an employee of CP House Gas in Cleveland, MS. (b) (6), recalled a time when (b) (b) (6), (b), the subject of this investigation, came to CP House Gas to get a propane tank refilled and (b) (6), waited on (b) (6), (b). (b) (6), could not recall the exact date of the encounter but (b) (6), thinks it was during the summer months around the time that (b) (6), (b) was charged with stalking. (b) (6), thinks that (b) (6), (b) was arrested for tampering with water lines a few months later. (b) (6), (b) thinks that (b) (6), (b) paid with cash so he does not think that the company would have any records of the sale.

(b) (6), recalled (b) (6), (b) pulling into the "cylinder house" in (b) (6), (b) black pickup truck. When the doors to the truck were open (b) (6), (b) saw a rifle lying between the console and seat. (b) (6), thought the gun appeared to be an assault-type rifle similar in appearance to an "M-16". (b) (6), (b) asked (b) (6), (b) what (b) (6), (b) was doing with that high-powered gun. (b) (6), (b) replied that (b) (6), (b) "might need it around here."

(b) (6), observed the contents in the bed of (b) (6), (b) truck as well. (b) (6), saw a "probe rod", a wrench that is used to turn off water meters, and a shovel with mud on it in the bed of TARVER's truck. (b) (6), found it odd for (b) (6), (b) to have those tools in his truck because (b) (6), was aware that (b) (6), (b) had lost his job with the Boyle Skene Water Corporation.

(b) (6), (b) remembered asking (b) (6), (b) straight out whether (b) (6), (b) was involved with "fooling with the water lines". (b) (6), (b) told (b) (6), that (b) (6), (b) had nothing to do with harming the water lines but some people thought that (b) (6), (b) was involved.

(b) (6), has known (b) (6), (b) for a number of years. (b) (6), thinks that (b) (6), (b) has always been "high-strung".
